Welcome to the
Port of Picton
NEW ZEALAND

WELCOME TO PICTON

PICTON

Picton is a unique cruise port with vessels close to the centre of the township. Passengers enjoy the warmth and relaxed ambience of a small and charming seaside township situated amid spectacular scenery.

Picton accommodates the Marlborough region's main port and extensive marina facilities alongside a host of restaurants, cafés, arts & crafts galleries and souvenir shopping.

Picton is at the gateway to the treasured Marlborough Sounds – 1500 kms of coastline with deep coves offering sheltered anchorage, endless bays fringed by secluded beaches, ancient untouched forest and native bush.

Numerous tourism businesses within the township offer fishing charters, eco-tours, kayaking or cruising on the sheltered waterways of the Queen Charlotte Sound.

The Queen Charlotte Track is also a major local attraction; foot or mountain bikes programs are available.

There are also excellent options for shore excursion programmes both in the Marlborough Sounds and on land.

AROUND PICTON

The port is ideally located for day excursions throughout the Marlborough region.

25 minutes from Picton is the Marlborough Wine region. As New Zealand's largest grape growing region there are more than 65 wineries along Marlborough's scenic wine trail. While famous for its Sauvignon blanc, the region also produces superb aromatics.

Omaka Aviation Heritage Centre is a key Marlborough attraction. Located 30 minutes from Picton, it houses a display like no other! Human stories from World War 1 come to life in a theatrical setting. Captivating scenes depict the aircraft in context, some recreating actual incidents. The rare memorabilia is worthy of any national collection and ranges from beautifully crafted 'trench art' through to personal items belonging to the famous Red Baron himself.

The Nelson Lakes National Park, Pelorus Bridge scenic reserve, Port Underwood Road and Queen Charlotte Drive all offer opportunity for new shore-ex development.

In addition, neighbouring attractions of Nelson and Kaikoura are both only a 2 hours drive away.

Omaka Aviation Heritage Centre

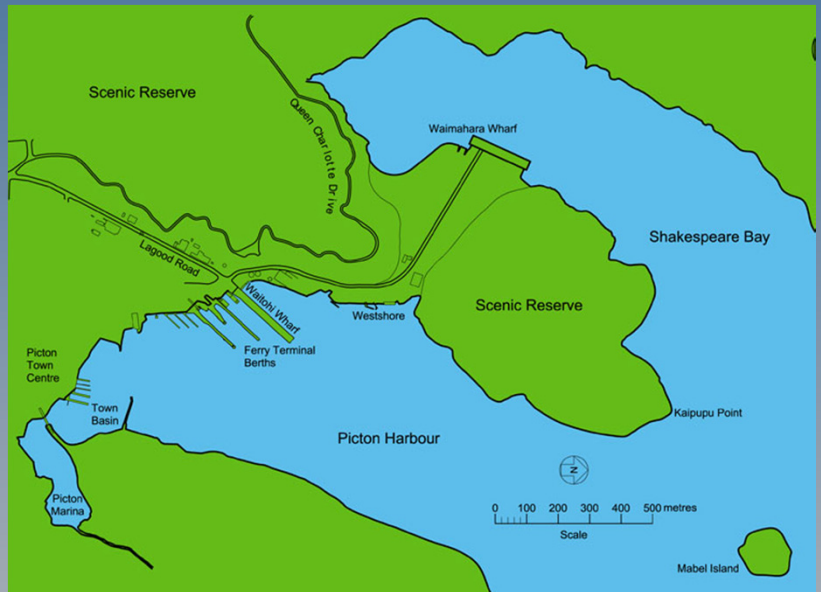

THE PORT OF PICTON

WAITOHI WHARF

- Located in Picton Harbour, the 210 metre Waitohi Wharf serves as the berth for cruise ships.
- It is a general-purpose finger wharf servicing interisland ferries as well as fishing vessels.
- It can accommodate cruise ships of up to 265 metres subject to confirmation by Pilot
- Only a short walk into town

WAIMAHARA WHARF

- Located in Shakespeare Bay, the 200 metre Waimahara Wharf is designed as a multi-purpose berth.
- It is a deep water wharf in the bay next to the company's existing port facilities in Picton Harbour and adjacent to Kaipupu Point Scenic Reserve and bird sanctuary.
- It accommodates cruise ships of up to 300 metres
- It has 3x100 tonne shore-based bollards 60 metres at southern end of the wharf.
- An additional 3x100 tonne bollards will be installed at the northern end in Q3 2011

THE PORT OF PICTON

Location 41 17'S 174 00'E

The Port of Picton is 18 nautical miles from the northern entrance to Queen Charlotte Sound and 17 nautical miles from the alternative Tory channel entrance.

APPROACHES

- CHARTS NZ6153 & NZ6154 are applicable
- In view of the heavy ferry traffic in the Tory Channel, all foreign vessels should use the northern entrance to the Queen Charlotte Sound. Minimum depth of 13.4 meters in the main channel west of Long Island

PILOTAGE

- Pilotage is compulsory for vessels over 500GRT in Queen Charlotte Sound and 350GRT in Tory Channel.
- From April 2011, the Pilot boarding area will be extended outwards by approximately 3nm.
- See www.pictonpilot.co.nz
- Pilotage services are provided by Marlborough Sounds Maritime Pilots Limited
- Charges available on www.portmarlborough.co.nz

TIDAL RANGE

- Neap 0.6 metres (0.5m MLWN-1.1m MHWN)
- Spring 1.7 metres (0.0m MLWS-1.7m MHS)

TUGS

- Tugs services are provided by independent operators
- A 20 tonne and a 10 tonne bollard pull tug are available
- For the 20 tonne tug, charges are NZ\$3000 for a tug on stand-by & NZ\$5000 if used
